红门画廊荣幸宣布将于 2024 年 9 月 14 日至 10 月 27 日推出《抽象意向 来自布朗·华莱士收藏》群展。由红门画廊创始人布朗·华莱士精选的 23 件抽象艺术收藏，创作时间跨越中国当代艺术蓬勃兴起的三十年。

90 年代早期，王鲁炎、谭平、秦一峰、张朝晖、胡声平等中国当代艺术的先行者，从抽象出发，走向更加深远的观念之路。千禧年后，杨黎明、王强、李刚、蒋巍涛、叶森、Batzorig Dugarsuren 等从中国各地和世界汇集到北京的先锋艺术家们，以抽象为载体，探讨东西哲学中形而上的实质。王沂、江超、王楫、陈麓旬、杨天等千禧世代艺术家们，在抽象中认知去中心化的无限拓扑。

《抽象意向 来自布朗·华莱士收藏》展览将持续到 10 月 27 日。

Red Gate Gallery is pleased to announce **Abstract Intentions in the Collection of Brian Wallace** from September 14 to October 27, 2024. The 23 selected abstract artworks from Brian Wallace's collection, spans three decades of the boom in contemporary art in China.

In the early 90s, Chinese pioneer contemporary artists, such as Wang Luyan, Tan Ping, Qin Yifeng, Zhang Zhaohui, and Hu Shengping, started from abstraction and moved towards a more far-reaching conceptual path. Since the millennium, talent artists such as Yang Liming, Wang Qiang, Li Gang, Jiang Weitao, Ye Sen, and Batzorig Dugarsuren, have gathered in Beijing to explore the metaphysical essence of Eastern and Western philosophies through abstraction. Millennial artists such as Wang Yi, Jiang Chao, Wang Ji, Chen Luxun, and Yang Tian recognize the infinite topology of abstraction.

Abstract Intentions in the Collection of Brian Wallace will run until October 27.

Wang Luyan

我三十多年不画抽象画了，原因是抽象画解决不了我个人的艺术问题，我早已脱离了抽象画状态，已经对自己的抽象画失去了兴趣，因此也没有关于抽象画的有意思的想法。

I have not painted abstract work for more than 30 years, because abstraction cannot solve my personal artistic problems. I have long since left the state of abstract painting, I have lost interest in abstraction, so I have no interesting ideas about abstract painting.

杨黎明

Yang Liming

杨黎明的抽象艺术实践独树一帜。作品画面的“书写性曲线”贯穿各个时期，也是他重要的语言元素，这种元素源自书法的个人化书写与心灵感应的对应，而曲线运行始终有音乐般的节奏和韵律，则源自他对音乐的痴迷和细腻的体味。这种带有诗意的抽象表达，使画面中不仅蕴藏了古典元素，也彰显了其作品的当代内涵。——廖文

The abstract artistic experiment of Yang Liming creates a separate school of his own. The “curves of graphology” in Yang's works that run through each phase of his creation is a fatal language element in his paintings. The origin of this element lies in the interaction between personal graphology and spiritual feeling of calligraphy, while the harmonic cadence and rhythm in the motion of Yang's curves come from his obsession and appreciation of music. This kind of abstract expression with poetic flavor makes the picture not only contain classical elements, but also reflects the contemporary connotation. (By Liao Wen)

一段原木，原本是结构严密不可动摇的一个整体，作者在不分裂整体的原则下，在原木中间的部分雕刻出相互连接的锁链，通过这种方式拉伸开更大的物理尺寸，在不改变了物质原本质量的情况下冷静分析出一种韧性与能动，在一个概念的层面上超越了对物质属性的平庸理解。

很多观者第一眼看到这件新颖的木质造物的时候，往往会被写实雕刻的锁链迷惑，似乎这件作品只是被铁链连接在一起的几块木料，甚至还有看罢展出仍蒙在鼓里的人批评说“一块木头劈开，中间拉根铁链子，这极其简单的事儿有何意义？”但当他得知真相的时候，谁都会从这种冷静中得到感动。——吕胜中

A piece of log, originally a tightly structured and unshakable whole. Under the principle of not dividing the whole, the author carves interconnected chains in the middle of the log, and in this way stretches the larger physical size, calmly analyzes a kind of toughness and agency without changing the original mass of matter and transcends the banal understanding of the properties of matter at a conceptual level.

When many viewers first see this novel wooden object, they are often confused by the realistic carved chains, as if the work is just a few pieces of wood connected by iron chains, and even those who are still in the dark after seeing the exhibition criticize that "what is the point of a piece of wood splitting and pulling an iron chain in the middle?" But when they learn the truth, everyone will be moved by this calmness. (By Lv Shengzhong)

关于艺术家 About the Artist

叶森 (b.1971, 辽宁, 中国) 1998 年毕业于鲁迅美术学院版画系。2015 年毕业于中央美术学院, 实验艺术学院硕士学位。

“匠心”的精神概念呈现木作为艺术媒体的多样性和变化，艺术家把一块块原始的木头从固有的形态中释放出来，转换成可以活动的状态，直到作品完成的一刻每个部分维持环环相扣，并非后期装嵌而成。叶森不同系列的雕塑艺术反映著文化历史、传统工艺、哲学，以至对当代的想象、社会中的各种张力、文化、政治改变的一种回应。

Ye Sen (b.1971, Liaoning, China) Graduated from the Printmaking Department of Lu Xun Academy of Fine Arts with a BFA in 1998, and later on received his master's degree from Experimental Art Department of the Central Academy of Fine Arts in 2015.

The concept of “Living Wood” demonstrates the versatility of wood as an art material, which the artist frees a piece of wood from its primitive state and transforms it into a flexible living form, all born of the same wood and never having existed in isolation from one another. His various series are informed as much by cultural history, craftsmanship, and traditional philosophies as they are by contemporary imaginings and social tensions, and cultural and political changes.

二十年前了。小幅手工纸，一番烟熏火燎，杂以报纸印刷锌版拓印的文字。当时正奉“以臂长为半径”，亦即取身边唾手可得的实物拓印留形，虽是手法有异，但也是在点线面空间调性等绘画性中徘徊。这一年，离开了干了二十多年的行当，做了在北京的第一个个展。

翌年-2006年5月，在红门画廊驻访。二个月间生出“离开绘画”的念头，亦即不再“描绘塑造”对象，只是“呈现”-呈现一张裂隙满布峥嵘突兀的破纸，这一做又是十年-那是后话了。

It was already twenty years ago. Small handmade paper, a smoky fire, mixed with newspaper printing zinc rubbing. At that time, I was advocating "taking the length of the arm as the radius", that is, taking the physical rubbings that are readily available around me, although the techniques are different, but also experimenting with the painting characteristics such as the spatial tonality of points, lines, planes, etc.

The following year, in May 2006, I participated in the Red Gate International Artist Residency. In the past two months, I had the idea of "leaving painting", that is, no longer "depicting and shaping" the object, but only "presenting" - presenting a piece of broken paper full of cracks and abruptness, which has been done for another ten years - that is a story for another time.

这张画从色调来讲比较沉，是我沉闷时期的画。我也曾经创作抽象画，但是并没有画的特别面面俱到那种。我认为当我的作品呈现给观众时，我只是完成了作品的一个部分，观众应该把他们对我作品的认知，加上他们自己的理解放进去，这件作品才算真正完成。这就是艺术，就是一种视觉的交流。至于他们理解的正确与错误，对于我来说是无所谓或者是忽略，因为我在创作的过程中，已经享受到了创作的愉快。

This painting is relatively dark in terms of tone, and it is a painting from my dull period. I also used to create abstract paintings, but they weren't particularly delicate. I think that when my work is presented to the audience, I have only completed a part of the work, and the audience should put their perception of my work and their own understanding into it, so that the work is truly complete. This is art, it is a kind of visual communication. As for the correctness and error of their understanding, it doesn't matter to me, because I have already enjoyed the creation process.

这些作品在制作的过程中，慢慢显示出来我喜欢的效果，具有很大的偶然性，如我现在做的即兴音乐，需要每一步都要取舍，最后的结果是挂在画廊的墙上或放在展台上。

雕塑的作品是我在为另一个艺术家的作品铸造成铜的过程中产生的，我设计好了铸造的浇注管道，可出来后发现没有成功，只铸出了一小部分，失败了，但我很喜欢我的浇注管道出来铜的效果，便留了下来，经过加热化学着色，变成了现在的样子。2024 年创作的《海底植物 2》一直放在工作室里面，也很多年以前铸造的，具体年份都不清楚。我在今年的时候给他们组装起来了，正好买了一个新的焊机组装，做了颜色，效果还挺满意。其实和《海底植物 1》都是同一个时期的作品，但是完成的时间一个是十年以前，一个是十年以后，感觉应该有一些不同，但是也跑不出我的处理的方式。不知大家是如何理解的？

In the process of making these works, the works slowly show the effect that I like, which is very accidental, like the improvised music I am doing now, which requires trade-offs at every step. The result is hung on the wall of the gallery or placed on the a pedestal.

The sculptures were produced by me in the process of casting bronze for another artist's work. I designed the casting pipe, but after it came out, I found that it was not successful, only a small part of it was cast, and it failed. But I liked the effect of copper coming out of my casting pipe, so I left it and became what it is now. "Sea Plant 2" created in 2024, has been in my studio and was cast many years ago, and the specific year is unknown. I assembled them this year, and I just bought a new welding machine to do that. I made the color, and the effect is quite satisfactory. It is the same period as "Sea Plant" completed 10 years ago, but 10 years later. I feel that there should be some differences. I wonder what people think of them.

这个系列的作品最开始取名“城市”其后才有了改动叫“围城”，而它们的创作时间恰好是中国城市化进程最迅猛的时期。这些曾穿流于我们生活周围建设工地上的挡板本是些毫无特征的工业制品，然而在伴随着城市面貌的改变中这些挡板却也彼此拥有了个性。它们身上的锈痕不仅记录着时光的变迁，同时也承载了我对这个时期的一段记忆。

The series was originally titled "The City" but later changed to "Siege of the City". They were created at a time when China's urbanization was at its most rapid. These hoardings that once permeated the construction sites around us were originally featureless industrial products, but they also have their own personality with the change of the city's appearance. The rust marks on their bodies not only record the changes of time, but also carry a memory of this period.

时间是个很神奇的东西，它既可以创造一切亦可以消弥一切！2013 年我在工作室断断续续用墨在纸上留下了一些痕迹，它是一个深层次的书写密码，记录了一年四季我让人不易觉察的内在情绪，也是我 2013 年的凌乱日记，无意义！但真实！

Time is an amazing thing; it can create everything and it can make everything! In 2013, I intermittently left some ink traces on paper in the studio. It is a deep writing code, recording my inner emotions that are not easy to perceive throughout the year, and it is also my messy diary in 2013, meaningless! But true!

这个系列作品的最初开始于 2002 年，是我迄今为止，画的最长时间的系列作品！缘起于我在朋友的家中，看到的一本印有很多出土竹简的画册，绝大多数竹简都是单独封闭在有液体的试管中，才得以长期保存！宛如一个个随时可以复活的生命！.....距今那么久远的东西，今天你依然可以清晰地看到那些竹简的纤维和肌理，体会到当时的书者书写每个字的动态和心情！特别的是，每个字就像一个出口，流淌出古老的文明故事，和真实鲜活的生命悸动..... 我被它深深感动了，不得不说，几乎所有的文化传承和生存繁衍都是前赴后继的过程！旧的总会离开，新的不断孕育！即便我们在质疑的同时，也总是对它充满敬畏！随后，我便开始了这个系列的创作，一直到现在！总体而言，这些作品糅合了我对于生命、秩序、空间、时间、伤痛与美好的切实感受.....单独来说，每个则各有侧重不同.....

这个系列就像是我艺术创作的后花园，每当我觉得无聊时，我便乐得漫步其中，总会发现一朵让自己重新快乐起来的小花！

This series originally started in 2002 and is the longest series I've ever painted! It originated from a picture album I saw at a friend's house printed with a lot of unearthed bamboo slips, most of which were individually enclosed in liquid test tubes to be preserved for a long time! It's like a life that can be resurrected at any time! What is so long ago, today you can still clearly see the fibers and textures of those bamboo slips, and experience the dynamics and mood of the calligraphers at that time when they wrote each word! What is special is that each word is like an outlet, flowing out of the ancient civilization story and the throbbing of real and vivid life..... I was deeply touched by it, and I have to say that almost all cultural inheritance and survival and reproduction are a process of going forward and backwards! The old will always leave, and the new will continue to be born! Even when we question it, we are always in awe of it! That's how I started the series, and I've been working on it ever since! Overall, these works are a tangible blend of my feelings about life, order, space, time, pain and beauty..... Individually, each has a different emphasis.....

This series is like a backyard for my art, whenever I feel bored, I happily stroll through it, and I always find a little flower that makes me happy again!

White Love 1 是 2015 年的 White Love 系列两件作品中的一件，2015 年的作品对于我来说，算是创作生涯刚开始不久的阶段，这个时期的很多作品，也在区别于一开始投入创作时候大量使用的高级灰、具象空间和平均的色块感。

我希望通过非具象绘画作品中的色块、空间、结构，和一些质感不同的颜料媒介，来探讨和表现人和当下消费社会的关系。

White Love 1 is one of the two works in the "White Love" series in 2015, and for me, the 2015 works are just at the beginning of my creative career, and many of the works in this period are also different from the high-grade grey, figurative space, and average color block that I used a lot when I first started to create.

I hope to explore and express the relationship between people and the current consumer society through the color blocks, spaces, structures, and pigment media with different textures in non-figurative paintings.

我的艺术作品《无题》通过颜色、面积、体积和笔触方向来思考空间关系。核心在于通过颜色的关系、空间的深度以及图像的形状和大小，来呈现艺术语言本身的逻辑。

Untitled contemplates spatial relationships through color, area, volume, and the direction of brushstrokes. The core lies in presenting the logic of the artistic language itself through the relationship between colors, the depth of space, and the shape and size of the image.

张朝晖

Zhang Zhaohui

我的水墨艺术推崇自然本身的魅力与价值。艺术家并不直接描述自然静物或外观的美好，而是通过各种抽象或意象的图景来呈现他所理解的自然，在不同时空条件下自然的力量所表达的张力，诸如微观或宏观的自然，地质学，生物学，生态学和考古学意义的自然，以及虚拟数字时空和人工智能的自然性，总之我创作出来的抽象图像展现了自己对自然的理解和人类文明与自然演化的复杂关系的宏大图景下的各种微小细节。无论是对于个体还是各个层次的群体而言，人类的聪明才智在于发现自然的规律，而人的智慧在于如何按照自然规律把持和运营自己的生活内容和生命轨迹。

My ink art celebrates the charm and value of nature itself. The abstract images I create show my understanding of nature and the small details of the grand picture of the complex relationship between human civilization and the evolution of nature. Whether for individuals or groups at all levels, human ingenuity lies in discovering the laws of nature, and human wisdom lies in how to control and operate their own life content and life trajectory in accordance with the laws of nature.

我做木版有一套自己的方法。一方面强调随意性，以刀代笔；另一方面，印刷的程序和传统的木版正相反，先印黑板，之后是带颜色的板，最后印白。黑上印浅色，色彩呈现出 unstable 的特性，每印一张作品都要反复试验，印刷的过程也是创作的过程，在不断的调整中，不断带给我惊喜。

——《首届中国版画大展作品集——线索/谭平 1984-2014》，云南美术出版社，2014 年 10 月第 1 版

I have my own way of making woodblocks. On the one hand, it emphasizes randomness and writes with a knife; On the other hand, the printing process is the opposite of that of traditional woodblocks, where the blackboard is printed first, then the colored board, and finally the white. The black is printed with a light color, the color shows an unstable characteristic, and each printed work has to be tried and tested repeatedly, and the process of printing is also a creative process, which constantly brings me surprises in the continuous adjustment.

巴佐里格·杜加苏伦

Batzorig Dugarsuren

Bazo's work centers upon the idea of eternal motion and reincarnation as symbolized by the form of the circle, an essential image both in the nomadic philosophy of the Mongols and Buddhism. In this sense, the circle has multiple meanings in Bazo's work – it is at once a representation of Mongolian history through the millennia, a personal quest for meaning as well as an artistic element full of possibilities. Thus, the artist approaches his subject in various ways: he paints multi-colored circles on canvases, creates intricate wooden “wheels” or draws circumferences on the ground using odd archaic constructions made of logs, ropes and stones. Bazo's circles provoke a variety of associations: from the Mongolian ger, the shamanic tambourine and the complicated symbolism of the circle in Buddhist philosophy to Western land art and Op art.

巴佐的作品以永恒的运动和轮回为主题，以圆圈的形式为象征，这是蒙古人和佛教游牧哲学中的重要形象。从这个意义上说，圆圈在巴佐的作品中具有多重意义——它既是蒙古几千年来历史的代表，也是个人对意义的追求，同时也是充满可能性的艺术元素。因此，艺术家以各种不同的方式处理他的主题：他在画布上绘制多色圆圈，创作复杂的木制“轮子”，或使用由原木、绳索和石头制成的奇怪的古老结构在地面上绘制圆周。巴佐的圈子引发了各种各样的联想：从蒙古包、萨满手鼓和佛教哲学中圆圈的复杂象征意义，到西方土地艺术和欧普艺术。

关于艺术家 About the Artist

Born in 1979, Bazo graduated from the Institute of Fine Arts in Ulaanbaatar, Mongolia with a painting degree in 2004. Bazo has exhibited extensively both in Mongolia and abroad – his work has been shown in numerous group exhibitions and several solo shows, including two solo exhibitions at Xanadu ART Gallery and one solo show at the Globe Gallery in St. Petersburg, Russia.

In 2005, Bazo won the “Best Work of Art by an Emerging Artist” prize awarded by the Union of Mongolian Artists. His work is held in the permanent collection of the Mongolian Museum of Modern Art as well as numerous private collections.

这件抽象作品采用铜板，通过着色和雕刻工艺制作，探索了有机形态与大脑意象的交汇。丰富多变的色彩与纹理营造出一种新生感，仿佛神经路径或绽放的花朵，捕捉到自然与意识的复杂性与流动性。

This abstract work, crafted from a copper plate through a process of patination and engraving, explores the intersection of organic and cerebral imagery. The textured surface, with its rich and varied coloration, evokes a sense of emergence-akin to neural pathways or blooming flora-capturing the complexity and fluidity of both nature and consciousness.

About Red Gate Gallery 关于红门画廊

Brian Wallace first arrived in China in 1984 and began organizing exhibitions for young Chinese artists at the Ancient Observatory and other places from 1988 – 1990.

In 1991 he opened Red Gate Gallery in Beijing's 600-year-old Ming Dynasty Dongbianmen corner tower.

Over the last 33 years, the gallery has been engaging and promoting Chinese artists by exhibiting the best of Chinese contemporary art as well as facilitating cultural exchanges and dialogues between China and the rest of the world through its vibrant Artist-In-Residence Program established in 2001.

In 2017, Red Gate Gallery moved to 798 Art Zone focusing on Chinese contemporary art and international cultural exchange.

Red Gate is recognized both as a tour de force and trail blazer in the history and development of the contemporary Chinese art scene.

布朗·华莱士 (Brian Wallace) 于1984年首次来到中国，并于1988年至1990年开始在北京古观象台等地为中国年轻艺术家组织展览。1991年，布朗在具有600年历史的北京明代东便门角楼创立红门画廊。在过去的33年里，红门画廊一直致力于呈现中国当代艺术的精髓，展览和推广中国艺术家，并于2001年创建充满活力的国际驻地艺术家项目，促进中国与世界其他地区的文化交流和对话。

2017年，红门画廊迁至798艺术区，专注中国当代艺术和国际文化交流。

红门画廊被公认为中国当代艺术界历史发展进程中的持续开拓者。
